## *Professional Staff Qualifications*

*Creating "The World We Want"  
in our Local Communities*

### **ARTHUR ASTARITA**

**State Lead for Maine | Water Resources Specialist**  
**207-766-3065 | [aastarita@rcapsolutions.org](mailto:aastarita@rcapsolutions.org)**

Mr. Astarita is a geologist and joined RCAP in March 1998 after 22 years as an international petroleum explorationist. Mr. Astarita provides technical assistance to small water and wastewater systems throughout Maine and New England. This assistance includes environmental assessment reports, GPS and GIS mapping, aquifer contaminate analysis, writing funding applications, grant administration, conducting system financial analysis and asset management training. He has helped to secure funding on numerous water and wastewater infrastructure improvement projects.

#### **Expertise:**

Mr. Astarita's aim is to create efficient routines in order to streamline work process and satisfy regulatory reporting while providing safe drinking water and wastewater disposal. His skill in GIS mapping has helped Mr. Astarita to provide a detailed inventory of system equipment which is fundamental for asset management, capital improvement planning, emergency response and vulnerability assessment. His proficiency with system rate setting, income surveys, environmental reports and writing funding proposals round out his services.

#### **Education:**

Bachelor of Science in Geology at Bowling Green State University  
Master of Science in Geology at Oklahoma State University

#### **Professional Certifications:**

Certified Maine CDBG administrator  
Certified NIMS/ICS 100-200  
Certified EPA Check Up Program for Small Systems (CUPSS) Trainer  
Certified petroleum geologist AAPG#4643

#### **Professional Associations:**

Member of the Maine Water/Wastewater Agency Response Network steering committee  
Member of the EPA Managerial Capacity Workgroup and Maine GIS Users Group  
Member of the New England Water Works Association Groundwater Committee  
Rural Development New England Engineers' Liaison Committee  
Maine Water Utilities Association and Maine GIS Users Group
