Professional Staff Qualifications

*Creating "The World We Want"
in our Local Communities*

LAURIE A. STEVENS, P.E.

New England Water Compliance Specialist
978.350.6601 | lstevens@rcapsolutions.org

Ms. Stevens joined RCAP Solutions in March 2019. She brings 20 years of experience in both the public and private sector in engineering, environmental and community development fields. She has served in a number of high level management roles including engineering, design, compliance and financial management of water and wastewater systems. She has supervised planning, zoning and engineering departments, overseen operations of public water systems and wastewater treatment facilities, and managed environmental projects from concept to construction. Laurie has an understanding of the pressures facing local governments in balancing resource and infrastructure demands with local budgetary pressures and has strong relationships with state and local regulatory agencies. Ms. Stevens' expertise will make a difference in communities that need vital assistance with their drinking water and wastewater systems.
