REBECCA REYNOLDS

Community Development Specialist for Maine
207-338-1126 | rreynolds@rcapsolutions.org

Ms. Reynolds joined RCAP Solutions in 2009 after 14 years of experience in the water and wastewater field.

Expertise: Ms. Reynolds has experience in water and wastewater operations, laboratory processes and operator training. She developed and taught a 30-hour training curriculum for Massachusetts DEP wastewater exam preparation. While at Petersons School of Engineering, she created and taught a 72-hour program for facilities management; most recently she developed and maintained chemical and laboratory safety manuals for the Bucksport Maine Wastewater Treatment Plant. While working for the Maine Drinking Water Primacy, Ms. Reynolds reviewed state-wide water operator training and was responsible for tracking compliance and issued violations to water systems that failed to meet requirements.

Education:

Bachelor of Science in Earth Science/Geography
Emergency Management Institute - Intro to the Incident Command System ICS-100, 2020

Professional Certifications:

Licensed by both Maine Drinking Water and Clean Water Primacy as a Grade 5 Wastewater Treatment Plant Operator; for Class IV Water Treatment Systems and Class III Water Distribution Systems.

Certified Community Development Block Grant (CDBG) Administrator
Certified Check Up for Small Systems Trainer (CUPSS)
