Professional Staff Qualifications

*Creating "The World We Want"
in our Local Communities*

SCOTT MUELLER

Senior Technical Assistance Provider

315-482-2756 | smueller@rcapsolutions.org

Mr. Mueller joined RCAP Solutions in 2000. He has extensive skills in the development of water supply and wastewater projects; economic development planning; infrastructure project planning; project management; grant writing and funding acquisition; community development; land use; and environmental planning.

Expertise:

Mr. Mueller has spent his career serving local communities and supervising water, wastewater and rural community capacity building programming throughout our service area. Previously he has served as a Project Manager for NYS Environmental Facilities Corporation in NYC's Watershed including numerous committees as an advisor with regards to rural community development at the national, regional, and local levels. Mr. Mueller also offers extensive expertise in working with USDA Rural Development, US Environmental Protection Agency, Health and Human Services, and other programs that provide technical assistance to rural communities on community development issues. Current programming focus includes promotion and development of Asset Management Planning practices at the local level.

Education:

Bachelor's degree from St. Lawrence University in Canton, New York

Master's degree in Landscape Architecture from the SUNY Environmental School of Forestry

Focused study in Residential Building Construction Drafting and Building Construction Technologies at Southern Maine Vocational Technical Institute

Professional Certifications:

Army Corp of Engineers Wetland Delineation Certification
