

RCAP Project Highlights

Where:
Avon, CT

Problem:
Technical, Managerial and Financial
Assistance
Asset Management

Avon, CT

Towpath Condos

Towpath Condos, although in an affluent town is a low income private townhouse community. In 2013 RCAP Solutions will provide project planning and organizational assistance to the community. RCAP will also be the liaison between the community and the Town of Avon. They have a failing septic system which needs immediate attention. They hope to connect to the town septic system and are looking for funding to achieve this goal. Future activities upon the repair and/or upgrade of the septic system would include managerial and financial technical assistance aimed at building system capacity to operate their assets under a described asset management plan.

RCAP Solutions works with communities to address a broad range of needs, including community infrastructure, and to promote public, environmental, and economic health.

RCAP Solutions is a member of the Rural Community Assistance Partnership. RCAP is a national network of regional nonprofit organizations that provide comprehensive, on-site technical assistance and training to help small, rural communities address their drinking water, wastewater, and other community development needs.
