

RCAP Solutions Workshop Asset Management for Water & Wastewater Systems

(4 CEUs for water & wastewater operators)

April 21, 2020 – North Conway Water Precinct
104 Sawmill Lane, North Conway, NH 03860
Registration: 8:00 AM | Course: 8:30 AM – 1:00 PM

Workshop Description:

Your utility faces day-to-day challenges providing reliable service to your customers and the environment. RCAP Solutions and the NH Department of Environmental Services is offering a FREE 1/2-day workshop to help your utility learn about asset management, develop a capital budget, and perform maintenance scheduling & budgeting. This workshop is made possible by funding through the U.S. EPA, with support from NHDES and the Rural Community Assistance Partnership (RCAP).

Audience: Operators, managers, or governing body of a water or wastewater system.

What topics will be covered at the workshop?

- Asset Management Concepts
- Get the Most Value from your Equipment
- Develop a Capital Budget
- Increase Efficiency/Reliability
- Maintenance Budgets
- Quick Recovery from Unexpected Failures
- Implementing an Asset Management Plan
- Asset Management Tools
